A Platform to Bridge the Skill Gap

Over the past couple of years 'Employability' norms have changed. Being a Graduate is not enough to secure a 'JOB'. While 'JOB OPPORTUNITIES' are still accessible to Post-Graduates and MBAs, millions of Graduates who cannot afford the steep costs of higher education find it challenging to secure a job that is aligned to their basic educational qualifications let alone having an opportunity to carve a successful career.

This was the genesis of BANKEDGE, one of the pioneers of skill based education in India. With its Headquarters in Mumbai, India's Financial Capital, BANKEDGE is India's premier Banking and Finance Academy.

BANKEDGE is committed to bridge the skill gap in India and help India's leading Banking and Financial Services organisations access a talent pool of next generation BFS professionals, who are job-ready from day 1 at work.

BANKEDGE offers comprehensive skill based programs with curriculum aligned to the framework and quality standards of the Banking and Financial Services Sector.

Empowering Graduates with Job Ready Skills

The skill-based programs are a blend of classroom training and e-learning content. They are deployed by experts and experienced professionals with a background in Banking and Finance, with the right mix of passion to teach and the ability to inspire young minds; to help them understand the world of Banking and Finance, job opportunities offered and various avenues to build long-term and successful careers.

A PURPOSE-LED BANKING CAREER

Banking brought more meaning to Swati's life

Unlike most freshers, Swati didn't face any problems finding a job as a consultant. But within 6 months, the BMS graduate decided to leave the consultancy firm. She was looking for something more, a job with purpose, a job where she could contribute directly or indirectly to nation building. She found her calling in Banking. With the industry's growing focus on financial education and inclusion Swati had found the meaningful career opportunity she was seeking.

But being a part of Banking was no easy feat as the entry barrier was high due to the huge number of aspirants. Swati was wondering how she could create a ripple in the vast talent pool, when she heard about BANKEDGE and its industry partnered and endorsed programs.

In addition to gaining in-depth knowledge of all aspects of Banking, Swati also gained an edge because of the soft skills training she received. She had always been a shy person. In banking you have to connect with people across the spectrum every day – from customers to colleagues.

Swati said "The soft skills training I received helped dramatically improve my interpersonal skills". Having completed her program at BANKEDGE, Swati soon received a job offer from Axis Bank as an Officer with the Central Liabilities team. She was ecstatic!

“
With the right training
and skills you can
pursue a meaningful
career.”

Swati Salian | *Officer, Axis Bank*

GRADUATE TO A **PROFESSIONAL**

“

I sought industry relevant skills and I acquired them at BANKEDGE ”

Durgesh Nerurkar | *Assistant Manager, Kotak Mahindra Bank*

Durgesh realized practical experience counts.

With lakhs of students graduating every year the job scenario is extremely competitive and finding a job immediately after completing graduation is tough. The lack of industry relevant skills is also a huge roadblock. Hailing from a family of professionals – his father was a state government employee and mother a special education – Durgesh had set on pursuing a career in banking and had therefore enrolled for and graduated with a degree in BBI. However he soon realised that he needed additional skills to power ahead of other banking aspirants.

When Durgesh learnt about BANKEDGE and its industry relevant programs, he decided to enrol without a second thought. His decision stood him in good stead when he received a job offer from Kotak Mahindra Bank. As he later recalled "I had theoretical knowledge on the banking and finance sector. I was seeking practical experience. The BANKEDGE program content was aligned to industry standards. The added advantage was training in softskills such as mock interview sessions which helped build my confidence. The program was extremely enriching"

Durgesh is now an Assistant Manager at Kotak Mahindra and aims to secure a senior level position at the bank with his smart work and dedication.

FROM A DREAM TO A **DREAM JOB**

“

I got in depth knowledge about banking and it helped me crack my interview

”

Ajinkya Krishna Padate | *Assistant Manager, Axis Bank*

Grabbing every opportunity was Ajinkya's success mantra.

When life does not go to plan all you need to do is to persevere and focus on grabbing every opportunity that comes your way. Ajinkya's only ambition in life was to fulfil his mother's dream - that of seeing her son as a Banker. After completing his graduation in Banking and Finance, finding a job in the banking sector was extremely difficult. The reason - he had the educational qualification but did not have any practical experience.

A dejected Ajinkya decided to focus on garnering some experience. He joined a multinational technology firm as an analyst because he firmly believed "when you are young you need to be ready to grab every opportunity that comes your way as it adds to your experience".

However, his heart was set on a job in the Banking and Finance sector. He persisted and continued giving IBP exams but met with little success until, he heard about BANKEDGE from friends. He enrolled for the BANKEDGE PROBE Program. In Ajinkya's own words "The program was intensive and gave me in-depth knowledge about all aspects of banking. The practical knowledge he gained combined with training in soft skills enabled him to crack the interview". Within a month of enrolling for the program Ajinkya was hired as Assistant Manager at Axis Bank. With his mother's dream fulfilled Ajinkya has now set his sights higher and is focused on building a dream career in Banking.

FIRM Foothold WITH A **FINANCE CAREER**

Leena discovered that laser sharp focus coupled with ambition leads to success.

Hailing from a small business background one would assume would at least help open doors for a career in Finance – after all, Finance is a fundamental aspect of running a successful small business. Leena Thakur discovered that it was not.

After completing her graduation, Leena was keen to pursue a career in the Banking and Finance industry as it offers multiple career opportunities and scope for growth. However she soon realised that her educational qualification and her family business background what not equipped her for a career in the BFSI industry.

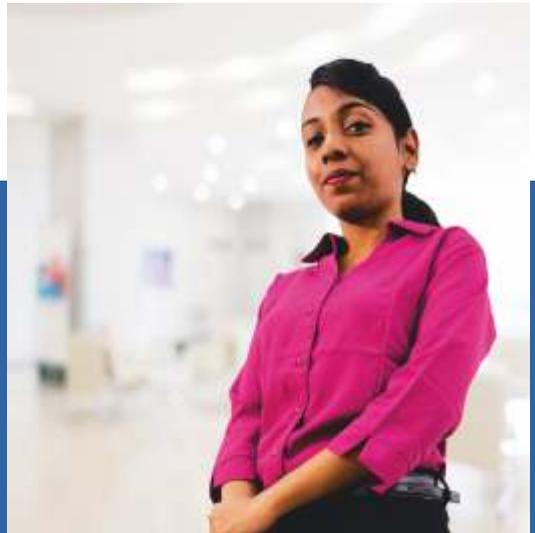

To kick-start a career in the Banking and Finance sector it is important to have a thorough understanding of various tasks – be it anchoring customer relationships, various financial products and services, industry and regulatory norms to name a few. Leena had some inkling of financial concepts however she did not have a holistic view on the industry and what the job entailed. She also lacked practical skills.

While she was wondering about her next course of action Leena came across a BANKEDGE advertisement and the PROBE Program which offered comprehensive training on all aspects of Banking and Finance.

As Leena said later "In banking and finance you need to understand various functions and processes. The faculty at BANKEDGE are experienced BFSI professionals. It enables them to teach us the fundamentals of banking and finance using real life scenarios."

Having started her career at IIFL as a Customer Care Executive with the Gold Loan team, Leena is now focused on the next level of growth within the organisation

CRICKET TO A

CAREER IN BANKING

Akshay's game plan kick-started his banking career.

Cricket teaches you a lot of lessons. One of them being be patient, persevere and wait for the right ball to come your way. For Akshay, the son of a policeman the right ball was all about waiting for the perfect start to his career. This was no easy task as he was already under tremendous pressure. The only son of a policeman, he carried the responsibility of helping his father tide over the family's financial needs.

After completing his graduation, Akshay started doing the rounds of interviews at Banks. He had set his sights on a career in banking as it is an evergreen industry. However job openings were scarce and those that were available saw him competing with thousands of hopefuls from all over the country. He also lacked experience. Akshay persevered. One day he heard about BANKEDGE and decided to enrol for its program. He saw it as the perfect platform for a head start in the Banking sector.

As he said later "When I enrolled at BANKEDGE, I knew I would win the game. The academy trained me in all aspects of banking. I gained in-depth knowledge of a bank's functioning. On completion of the program I also got access to placement opportunities at leading Banks."

Imagine his joy when Akshay received a job offer for the position of Officer at Axis Bank.

ARTIST TO A

PASSIONATE BANKING PROFESSIONAL

Priyanka found her way to live her passion

Patience is a virtue possessed by a few. Being an artist, it came naturally to Priyanka Verma considering the patience it takes to draw. The eldest of three children, she stays with her family and in her spare time listens to music. The ambitious girl completed her M.Com from Mumbai University in the hopes of getting a job in a prestigious firm in the banking sector but fate had just one answer – not yet.

While she patiently kept looking for a break in the Banking & Finance sector after her post-graduation program, she realised that even her nine months' worth experience as a Back Office Executive did not help make any opportunities materialise. She had a passion for the banking sector and dreamed of a bright future in it. So, the moment she heard about BANKEDGE, she enrolled knowing that it would open doors for her. "It was impossible to enter the banking sector unless you had connections. Thanks to BANKEDGE, I found my entry into the banking sector which felt like a dream come true," she heaves. Her passion for the sector, activities and seminars and an impressive teaching faculty inspired her to grasp every bit of knowledge imparted.

After the course, she was placed with IndusInd Bank for the profile of a Teller. Having thoroughly enjoyed her experience at BANKEDGE, she urges other aspirants to be patient and keep working towards their dream to succeed and beyond.

“

I found my entry
into the banking
sector which
felt like a dream
come true

”

Priyanka Verma | Teller, IndusInd Bank

A WELL THOUGHT

BANKING CAREER PATH

Shruti Kamdar | *Teller, Kotak Securities*

Shruti found her answer to the 'what next' question

Once you graduate the world is your oyster, although trying to figure out what you want to do next can be quite the task. Shruti, who stays with her father, mother and grandmother, was faced with a similar dilemma. The Bachelor's in Financial Markets graduate took a couple of months to decide what she wanted to do. Eventually, she narrowed down her career choice to the banking sector.

After the sector was finalized, BANKEDGE was the natural choice. Joining the institute opened up many possibilities for her. Shruti became a fan of their teaching methods. The faculty was great and the teaching style was even better. "I am glad I took my time to choose banking as my career choice and even gladder that I chose to pursue it with BANKEDGE," she exclaims. She was soon placed in Kotak Securities. It was just the career she planned on having.

Her advice to the youngsters is to take their time to think and wisely decide on their career choice. Also, if they do end up choosing banking then there is no better way to pursue it than BANKEDGE.
